## NAREA Study Group

Reggio Emilia, Italy | May 26-29, 2025

### DEEPENING RESEARCH WITH THE 100 LANGUAGES

NAREA is collaborating with Reggio Children to offer a study group experience in Reggio Emilia focusing on deeper reflections of the 100 languages as research, expression, communication, and connection. Those with a long history studying Reggio Emilia's approach to early education will be interested to meet contemporary views, told through the stories of children and adults.
